popKidz music videos for little pop stars

make your child the star of their own pop video!

popKidz are custom-made videos for children (aged 7-11) filmed at your home and later professionally edited to look like a real pop video – complete with special effects!

The video stars your little birthday girl or boy as well as a couple of their closest friends. Your child simply chooses her favourite pop song, a sparkly outfit and we'll do the rest.

And unlike magicians, who pull a rabbit out of a hat and then vanish, a popKidz video gives you value for your money long after the party is over.

Once edited, a popKidz video can also be given as a gift to a grandparent or even a favourite Aunt who lives abroad.

A birthday treat that keeps on giving!

For birthdays we can shoot the pop video in your home one week before your child's party. The edited video will then be delivered to you on the day of the party. We suggest having a "Pop Star" themed birthday party where all your guests come dressed as their favourite pop star. This is a wonderful environment in which to screen your child's debut pop performance! We can also arrange for the hiring of a large screen and video projector for an extra 'splashy' world premier.

popKidz is fun. It's exciting. And children love it! So give your child the star treatment for their next birthday. Call us to arrange a private, no-obligation viewing of our 'starReel' DVD of all our sample movies – either in your home or a latte over a laptop.
